EXQUISITE GREEN

TRUST EXQUISITE GREEN FAUCETS FOR YOUR HOME.

Exquisite Green faucets are crafted with the skill and quality to last a lifetime. You can appreciate the fine craftsmanship in your own home with Exquisite Green fixture's contemporary designs, meticulously engineered with water and energy saving features.

TROUBLE FREE WASHERLESS DESIGN FOR LIFETIME RELIABILITY

- Quarter turn washerless control cartridges eliminate the need for high washers, a common cause of leaking faucets.
- Lifetime Limited Warranty - your assurance of quality. Complete details inside.

100% LEAD FREE

The non-metallic faucet construction ensures that water will not come in contact with any lead or other harmful materials. No lead plus style and beauty make Exquisite Green faucets a product you will love.

EASY ON/OFF CONTROL

Washerless seals provide effortless, precision control of the water flow and temperature. You'll never force a handle again.

Complete Step-By-Step Installation Instructions Inside

EASY TO INSTALL

- Simple Tools Needed:
 - Phillips Screwdriver
 - Adjustable or Basin Wrench
 - Plumber's Putty
 - Thread Seal Tape
 - Water Supply Lines
- Step-by-step illustrated instructions are included for simple do-it-yourself installation.

WATER & ENERGY SAVING AERATOR

Limits water to 2.0 G.P.M. (gallons per minute), 7.6 L.P.M. (liters per minute) at 60 P.S.I. and adds air for powerful pressure with an ecological flow. Conserves energy by using less hot water, too.
