A Line of Toilet Seats Your Customers Will Love

Why Choose LDR?

- A comprehensive product line - over 30 seats.
- Small pack and order quantities.
- Our product is priced right.
- Customer driven quality product features.
- A direct import or domestic warehouse program.
- State-of-the-art overseas manufacturing facilities.

LDR Offers A Quality Product

All our toilet seats are made from highly durable materials and are constructed for a proper fit. Molded wood, injected molded high impact solid plastic and high density foam with a sturdy core are used to produce a product that's both beautiful and long lasting.

LDR Offers Choices

- **Molded Wood** seats that are sturdy and will not warp.
- **Molded Plastic** seats with a super durable finish with solid color throughout. Are easy to clean and the anti-microbial model repels dirt and grime by inhibiting the growth of bacteria, mold and mildew.
- **Resin** seats that allow the consumer to add that personal touch.
- **Soft Seats** with high density foam and split resistant high quality vinyl that's greater than the domestic competitor. Embroidered designs add dimension to any décor.
- **Oak** seats made of stylish cross grain oak for lasting beauty. The durable finish prevents warping and the lid and seat are thicker than the competition.

LDR Packaging Makes Seat Selection Easy

- Consumer friendly packaging with easy Do-It-Yourself installation instructions.
- Seats are packaged shrink wrapped with a protective cardboard sleeve for high visibility. Hinges are visible, allowing consumer a better choice.
- Heavy duty plastic handle allows product to be displayed hanging or on shelf.

The hinge and mounting hardware include corrosion free bolts and wing nuts

Color matched bumpers

Metal hinges are available on select soft and molded seats
